THE HANDMADE

TEAPOT

COLLECTION

CARTERS *of* SUFFOLK

HANDMADE IN ENGLAND

Carters of Suffolk have produced high quality handmade British ceramics for sale to discriminating customers worldwide since 1978.

Our product range is manufactured entirely in the UK, at our Suffolk pottery, and from concept design to production, all our products are made completely in house.

Our novel teapot designs have over several decades been retailed in many of the world's finest department stores, museums, gift shops, and tearooms.

Below you can find just a small number of customers who have chosen to stock Carters of Suffolk UK manufactured ceramics products.

CARTERS of SUFFOLK
HANDMADE TEAPOTS IN BRITAIN

**ARTISAN
CRAFTSMANSHIP**

UNIQUENESS

SKILLED STAFF

Our skilled makers, who are passionately proud of our hand-crafted pottery products, work with our designers to develop new teapot ideas and design treatments.

Each teapot is handled by several specialised staff and is the result of several processes which can take from 7-10 days before work on the piece is completed.

ARTISAN POTTERS

The Carters of Suffolk 'Teapot Pottery' is the world's best-known UK manufacturer specialising in making novel and creatively designed teapots for over 40 years. The manufacturing processes, highly dependent on skilled labour, have changed little since the early 18th century.

Each teapot takes around a week to produce. Most of our handmade, hand painted creations are produced in numbers small enough to make them truly rare and highly collectible. Only a few hundred teapots will be made in most designs, before a new design treatment is created. Unlike porcelain and bone china, our ceramics are vegan friendly.

Our products are all functional. Our clay body and glazes have been developed by us over many years to provide excellent heat retention, and a high-quality mirror finish glaze. The gold details are produced using real gold, and the 'silver' colouring is platinum. The use of precious metals, and the best available quality colourings and glazes help us maintain a standard of quality recognised over many decades by stockists such as Harrods of Knightsbridge, Liberty of London, Bloomingdales, Macy's, Cunard lines (QE2 & Queen Mary). We are the sole remaining pottery in the Britain, specialising in the creation of hand-crafted and hand-painted teapots, using traditional processes dating back almost 300 years. To support our full-sized teapots, each one has a certificate of authenticity and unique serial number.

SPECIFICATIONS (mm)
(W)310 x (H)245 x (D)140

Our teapots are all handmade in Suffolk, England using a slip moulding process

- It takes our potters around one week to produce a teapot
- Made with earthenware clay
- Fully functional/useable teapots
- Guaranteed free from manufacturing defect for life
- Our artisan potters have decades of experience

- Hand painting each teapot can take up to one hour
- Every piece is an original Carters of Suffolk design
- All our designs are exclusive to Carters of Suffolk 'Teapot Pottery'
- Our production processes are little changed since the methods of the early 1700's.
- Individual or bespoke treatments, such as special colours or any design variations can be undertaken

MID CENTURY STYLE

TYP2240

TYPEWRITER
FULL SIZE

SPECIFICATIONS (mm)
(W)280 x (H)160 x (D)155

This teapot is styled after a 1920s/1930s period typewriter. In common with all our teapots, where you see gold details they are produced using real gold, and the silver is created in platinum. The lid is the carriage section and the 'paper' if ordered in sufficient quantity this design can have a bespoke treatment.
